

INVEST T&T

THE COST OF DOING BUSINESS

TRINIDAD & TOBAGO IS A NATION ON THE RISE.

Trinidad & Tobago's century of success in energy has fuelled its rapid development into the most industrialised, educated nation in the Caribbean, with a strong economy and a stable political system.

We are building one of the world's next diversified economic powers through the development of global partnerships and foreign direct investment.

**WE ARE TRINIDAD & TOBAGO.
WE ARE NEXT.**

Welcome.

These are truly exciting times for Trinidad & Tobago. Here in the first years of the new millennium, our twin-island nation has evolved significantly, from a far outpost of the British Empire into a regional economic powerhouse.

In addition to having the most dynamic economy in the English speaking Caribbean, T&T has emerged as one of the major players in the multilateral trading system. With one of the highest rates of FDI in the region, our nation has experienced 15 years of solid economic growth, and this impressive performance is expected to continue into 2009.

Trinidad & Tobago provides investors with significant opportunities and business connections within an increasing and diversified market.

T&T is one of the most prosperous, highly diversified and industrialised countries in the Caribbean, and a dominant player in CARICOM. While our economy is energy based, with large exports of oil, gas and downstream energy products providing the bulk of the country's revenue, we have a highly developed industrial base, and a deeply entrenched manufacturing and services sector, especially financial services.

Our country has a range of competitive advantages, such as a central geographical location; a highly educated, diverse workforce; low fuel and energy rates; strategic access to regional markets through free trade agreements; a commitment to free market policies and strong democratic traditions.

The Ministry of Trade and Industry (MTI) invites you to read this publication and explore the wide range of business and investment opportunities which this country has to offer.

Thank you for your interest in Trinidad & Tobago. We look forward to conducting business with you.

HUMAN RESOURCES

Minimum wages: Minimum wages are set by the Minimum Wages Act. Normal working hours are eight hours per day, inclusive of meal break and rest period.

NATIONAL MINIMUM WAGE PER HOUR		
National Minimum Wage	TT\$10.00	US\$1.59

OVERTIME	
Normal Working Day	8 hours
First 4 hours of overtime	1½ times hourly rate
Next 4 hours of overtime	2 times hourly rate
Sundays and Public Holiday	
First 8 hours	2 times hourly rate
After first 8 hours	3 times hourly rate

SOCIAL SECURITY CONTRIBUTIONS	
Social Security contributions, or National Insurance contributions, are payable by both employees and employers under the National Insurance Act. Employers are required by law to pay contributions on behalf of all employees and unpaid apprentices. National Insurance is administered by the National Insurance Board and covers loss of earnings in the event of sickness, maternity, invalidity, injury on the job, retirement and death.
